THANK YOU FOR JOINING US TODAY TO DISCUSS THE CALIFORNIA ECONOMIC RESILIENCY FUND (CERF)

The Community Economic
Resilience Fund (CERF) is a
\$600 million fund to build a
sustainable and equitable
economy across California, with
a focus on supporting new
strategies to diversify local
economies and develop
industries that create highquality, broadly accessible jobs
for all Californians

TODAYS

OBJECTIVES

Establish a common knowledge base by participating in collective learning about inclusive economic development

Provide updates on the CERF program and our region's efforts

Share info needed to gear up for increasing activities over the coming months

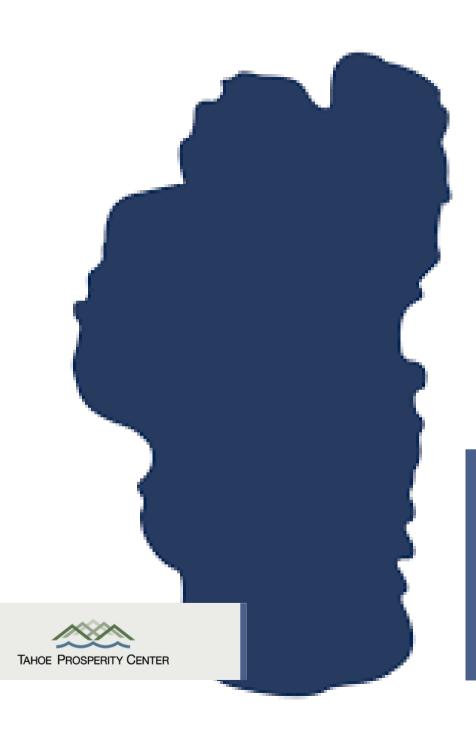

TAHOE PROSPERITY CENTER (TPG)

The groundbreaking 2010 Lake Tahoe Prosperity Plan, triggered the formation of the Tahoe Prosperity Center.

Many years have passed since then. Tourism has changed, and Tahoe's needs too, presenting a renewed opportunity for regional dialogue about the Tahoe brand.

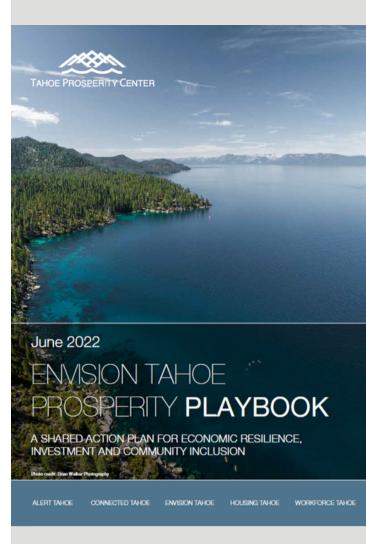

VISION

To make the Basin a place where anyone can live, work, play, and thrive we must work together as one lake and one region.

ACTION

We recently completed Envision Tahoe, an inclusive economic resiliency strategy, at the direction of the U.S. Economic Development Agency. The Envision Tahoe Prosperity Playbook (Playbook) is a comprehensive set of researchbased actions and programs aimed at energizing and diversifying the region's economy in order to achieve long-term sustainable, resilient and inclusive economic growth.

TPG'S PLAYBOOK OBJECTIVES

Prosperity Playbook

The Playbook has five specific focuses; increasing workforce housing, improving transportation systems, advancing responsible tourism, increasing economic resiliency through strengthening entrepreneurship and expanding support for mainstreet businesses and anchor employers.

Prioritize the creation of accessible, high-quality jobs in sustainable industries.

Track and support initiatives that foster equity, job quality, and sustainability, among others

Coordinate with regional partners to leverage state and federal investments with philanthropic and private sectors to maximize community efforts.

COMMUNITY

VALLEY VISION VALLEYVISION,ORG

The Community Economic Resilience Fund (CERF) is a \$600 million fund to build a sustainable and equitable economy across California.

CERF OBJECTIVES

Support the development of meaningfully inclusive regional planning processes that produce regional roadmaps for economic development efforts that prioritize the creation of accessible, high-quality jobs in sustainable industries.

Invest in projects proposed by regional planning tables that align with regional strategies and meet criteria for equity, job quality, and sustainability, among others

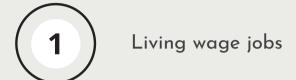

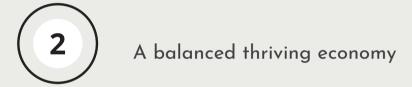

Align and leverage state investments, federal investments (e.g., Infrastructure Investment and Jobs Act), and philanthropic and private sector investments in regions to maximize economic development efforts.

SHARED GOALS

Community services that work for <u>everyone</u>

GAPITAL REGION GERF: PROGRAM TIMELINE

Planning Phase

MARCH 2023 - JUNE 2024

• 13 regions, \$5M each

Implementation Phase

SUMMER 2024

• \$268M across the 13 regions

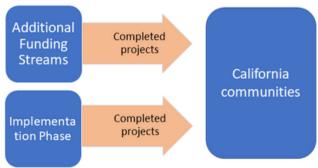

Catalyst Fund Program

SPRING 2024 - 2026

 \$14M for capacity building and project development

We bring communities together to tackle our region's biggest challenges and ensure a more livable future. By creating common ground built on facts through trusted research and meaningful coalition-building, Valley Vision brings "community inspired solutions" to the frontlines of a regional agenda for prosperity.

We enhance the economic vitality of Nevada County by supporting the retention, creation and attraction of quality jobs and talent, while retaining our unique environment.

PARTNERS

TAHOE PROSPERITY CENTER
TAHOEPROSPERITY.ORG

We work to support strong local economies and small businesses, increase regional resilience to the consequences of climate change, and elevate rural issues in the Sierra. Our on-the-ground programs and projects are designed to bring proactive change to the Sierra.

WAYS TO HELP

WHO

Who is still missing, and how do we contact them?

WHAT

What can help us reach them and ensure they are engaged and supported?

WHERE

Where can we better engage underserved and under-represented communities?

GROUP INPUT

While we've had successes and our work has involved significant collaboration, we can always do more to ensure not only inclusivity, but actual belonging. We know not everyone is currently being heard and want to do better to ensure community members who are most impacted by economic and community changes tell us what is needed.

NEXT STEPS

Next Meeting to be held in Truckee in late October.

Future meetings mid-November, December, January and February and moved around the lake as hybrid.

Todays Outreach Meeting

September 2023

Next: Truckee Meeting

October 2023

Monthly: Rotational Location

November + December 2023

THANK YOU!
